NIGERIAN COLLEGE OF AVIATION TECHNOLOGY, ZARIA

BRIEF HISTORY OF NCAT

The Nigerian College of Aviation Technology, Zaria, (formally known as Nigerian Civil Aviation Training Center) was set up in 1964 to conduct:

1. Civil Aviation courses for use in flight training or airport operations and management as may be prescribed from time to time.
2. Training of Approved personal in the installation, maintenance and operation, as the case may be, of technical equipment, the use of which is calculated or likely to increase the margin of operational safety of civil aircrafts.
3. Training on equipments and necessary facilities for technical research or normal use.

VISION

To maintain the prestigious position of the foremost Aviation Training Institution in Africa and be amongst the best in the world.

MISSION

To consistently provide the Aviation Industry with Professionals and other personnel through training and related services for safe air transportation in accordance with International standards
